**DECLARATION UNDER 37 C.F.R. §1.131**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22202

Sir:

I, Brent Anderson aver as follows:

1. I am over the age of twenty-one years and make these statements from my own personal knowledge.
2. I have received a Bachelors Degree in Mechanical Engineering from Bradley University.
3. I have been employed by CTI for the past 15 years and currently hold the position of Vice President of Manufacturing.
4. I am a joint inventor on U.S. Patent Application Serial No. 10/042,955.
5. I have reviewed the claims of this application and I believe that the claimed invention was conceived prior to November 3, 2000, and I have diligently worked on this project since this time.
6. As evidence of this I have attached memorandum with dates and other matters redacted. The memorandum is not necessarily the earliest date of conception of the claimed invention and do not represent the results of an exhaustive search for evidence of the earliest date of conception or reduction to practice.

Declaration of Brent Anderson  
Serial No. 10/042,955

Atty Dkt. No. 113937-002

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true, and further, I acknowledge that willful false statements and the like are punishable by fine or imprisonment, or both, under §1001 of Title 18 of the United States Code and may jeopardize the validity of the application or any patent issuing thereon.

Date: October 19th, 2004

**Re: Bag evacuation**

**Here are some of the advantages and disadvantages of the trials that I am considering for your bag evacuation project.**

- 2) Embossing/Texturing poly layer during extrusion coating/laminating with a modified chill roll.**

**Advantages- Inexpensive and may be patentable.**

**Disadvantages- Could not use your inner sheet and costly test.**

**Call with any questions or suggestions!**
